—The Spaniards have an old saying which tells us that "white hands never offend" - which means that the little faults and indiscretions of ladies should always be quickly pardoned.

—Hiram Steele informs us that Mrs. "Great Western" did not give him a "violent blow on the head," nor did she strike him at all. Mr. S. is a partner, not a clerk in the Restaurant in Mr. DeWitt's building.

—Joseph Sproule, at his store on Main street, second door above the Square, has a splendid stock of Groceries for sale, and he is an honorable and upright man to deal with.

—The people of Shiloh, Richland county, want the county seat removed from Mansfield to that place. But that will never be. That big Court House will insure Mansfield the seat of justice until the crack of doom!

A Human Skeleton Exhumed.

On the afternoon of the 23d ult., while workmen were engaged in digging in a hill on the Railroad foot of Messrs. White & Morton, near Kinderhook, they came across a human skeleton, which had been buried about three feet under ground. The teeth in the upper and under jaws were in a good state of preservation. Appearance indicated that there had been a hole dug in the ground, and the person had been thrown in. The bones of the arms and legs were found piled together, and the skull laid down the hill rather on its side in a southeast direction. How long the skeleton was under ground of course no one can tell, but the indications were unmistakable that foul play was resorted to in that vicinity at some time in the early history of Knox county. The remains were collected in the presence of some twenty persons, placed in a box and taken to Kinderhook. A correspondent, from whom we learn these facts, states that he and many others were well acquainted with the spot twenty-five years ago. It was near the foot of a large hill, and was densely covered with bushes.

Musical Entertainment.

The Concert Band of the Fisk University (colored) of Nashville, Tenn., gave our citizens a specimen of their vocal powers, at the Congregational Church, on Sunday evening, and at Wm. H. Hall, on Monday evening. The Church and the Hall were crowded to overflowing. We must say that both of these entertainments were very good - far exceeding the expectations of most of our citizens. There are eleven persons in the Band, large and small, and of both sexes. All of them but two were slaves before the war, and they are now, with thousands of their race in the South, endeavoring to acquire for themselves an education, so to speak, by their own labor, more honorably, positively, but no longer more than they have before occupied. How far they will succeed in accomplishing this purpose, remains to be seen. The generous people of Mt. Vernon have shown their willingness to assist them by kind words and pecuniary aid in this praiseworthy undertaking.

Local Taxation.

We have a great many folks in Mt. Vernon who are opposed to all kinds of improvements, and are always complaining about high taxes. For the benefit of these gentlemen and all others interested, we will state that the total tax this year in Mt. Vernon is \$2,075, which is much lower than that of any town of its size in the State. For instance, the rate in Portsmouth is \$2; Chillicothe, \$2.50; Columbus, \$2.10; Lancaster, \$2.40; Zanesville, \$2.35; Wooster, \$2.55; Steubenville, \$2.45; Bayview, \$3; Gallon, \$3.40; Crestedale, \$2.65; Fremont, \$2.50; Tiffin, \$2.24; Kenton, \$2.50; Newark, \$2.30; Logan, \$2.32; Jackson, \$2.80; New Lexington, \$2.45; Somerset, \$2.50.

Accident at the Round House.

On Wednesday of last week, while the workmen at the "Round House," for the new Railroad were engaged in erecting one of the large rafters which are to support the roof of that structure, one of the guys broke; the rafter was falling in place on the walls. It fell with a tremendous crash, breaking down the scaffolding and crushing everything in its way. A stout Chinese Lame, who was standing on the scaffolding, was dashed to the ground and considerably but not seriously injured. Although a large number of workmen were engaged in the building at the time, they all, with the exception of young Lane, escaped injury.

C. Peterman & Son.

We direct attention to the advertisement of our friends C. PETERMAN & SON, in another column. These gentlemen have a splendid stock of Dry Goods, suitable for the present season, which they are selling at the lowest cash prices. They are fair-dealing, business men, and deserve to have a liberal share of public patronage. They may be found at the corner of Main and Gambier streets.

Proposed Agricultural Works.

A party of gentlemen from abroad have been in the city during the present week, consulting with some of our prominent citizens in regard to the propriety of establishing Agricultural Works in Mount Vernon. As yet no definite conclusion has been arrived at, but we learn that a good state of feeling prevails respecting the project, and our people generally so far as the subject has been brought to their notice, have given it their hearty support, and promise all the encouragement and assistance in their power to any parties who are competent to assume the management of such an enterprise.

There is not a point in the State of Ohio, or in the West, better suited for the location of Agricultural Works than Mt. Vernon. Being near the geographical center of the State, and in the heart of a wealthy and prosperous agricultural population, it possesses peculiar advantages and attractions as a point for establishing works such as are proposed. Our Railroad facilities will soon place it on an equal footing with the most favored city in Ohio; and added to this, the healthfulness of our climate, and the moral character of our population, will always make Mount Vernon a desirable place to reside and do business.

A Letter Worth Reading.

We receive by the mails every day all sorts of letters - some of them not worth the paper on which they are written. But others are quite interesting, and of great value to us. The following from our friend UPRON CLARENCE BLAKE, of Cedar Rapids, Iowa, is of this character. (We should be entirely willing to open a bushel of such letters every day.)

CEAR RAPIDS, Iowa,
November 24, 1871.

L. HARRIS, Esq.,
Dear Sir: - Enclosed please find \$3.00, to apply on my subscription to THE BANNER. I mistake not, the above, pays for the years 1871-2. With hearty wishes for THE BANNER'S success, I am, Sir, very respectfully,
Yours truly,
UPRON CLARENCE BLAKE.

Arrested on Suspicion of Murder.

A colored man from Newark, whose name we could not learn, was arrested on Saturday last by our City Marshal, under the belief that he answered to the description of a negro who recently committed a murder at Cleveland. When taken before the Mayor, however, the "man and brother" proved an *alibi* and was discharged.
